A Large Number of Marchlug Miners Killed and Wounded by Sheriff's Depoties-Fu-neral of the Virtins-Many Miners Joining the Malcontents-The Sherlff Denounced.

HAZLETON, Pa., Sept. 11.—The strike situation reached a terrible crisis on the outskirts of Latimer Friday afternoon, when a band of deputy sherlffs fired into an infuriated mob of miners. The men fell like so many sheep, and the excitement since has been so inthad and wounded can be obtnined. Reports run from 15 to 20 odd killed and 40 or more wounded.

The strikers left Hnzleton at 3:70 c'clock Friday afternoon, annonvelig their intention to go to Latimer. soon as this became known a band of to free the mine from water. HARRISHURG, Pa., Sept. 11.—Gov. ilastings Fridny night ordered out the Third brigade, of which Gen. Gobin is commander, and instructed Gen, Schall to hold the First brignde in readiness.

HAZELTON, Pa., Sept. 13.—The situation here Sunday night was graver than it has been at any time since the bloody affray of Friday afternoon. There is strong reason to fear a conllict between the strikers and the militacy Monday and there is an Indieation that from five to seven thousand more miners will join the maleonteuts.

Feeling continues high against Sherill' Martin and his deputies, and the intensity of the situation is such that a sudden turn of the land or a word spotten above the ordinary tone, brings a running crawd. The soldiers are watchful and ready for any emergency, and the people of the town are in a state which may easily become panic,

An incident of ugly omen occurred during the funeral of three of the victims Sunday afternoon. As services was being held inside of the St. Joseph's church about 2,000 foreigners were congregated about the doors. A number of them raised their voices and it is declared by eye-witnesses that a policeman stationed near the door became unduly offletous. Instantly an ominous muttering followed usingled with seowling looks and clepched fists. Word was immedintely earried indoors to Rev. Father Anst, lle hurried to the door and bundled the men who seemed most quarrelsome in the clurch. A few words of counsel to the others prevented further demonstrations.

R. G. WILLIAMS.

Above is a likeness of R. G. WILLIAMS, the Democratic Candidate for County Judge of Rockeastle county. Who, and what kind of a man is he? Is he a fit man to manage the affairs of our county? Has he the necessary qualifications to give us a business-like administration? Has he the courage to uphold and enforce the law? Would he honor the bench by giving exact justice to all alike-the rich, the poor, the high, the low? Born and reared in our county and having associated with our people, you all know Dick Williams.

He is soher. He is honest-for a Williams would not know how to be any other way. He is upright in all his dealings; gentleman by buildings, barn and granery. Price birth and by choice; a scholar by application, and a lawyer by nature \$1,500. and by training. He possesses both heart and brain, and has ever

Judge Morrow speaks here on had charity for all and enmity toward none. He has been engaged in active practice for, over three years. He admires honor and truth in men, and truth, honor and justice in officers. Although, poor himself, having borrowed money to go through school, he has ever been the triend and helper of poor and struggling young men and respected old age and gray hairs, and in turn loved by them. He is a friend of the colored man as wellas the white; a triend to the poor and hends not the suppliant knee to the rich. He had to throw rocks at the preacher is a strong advocate of education, and many a time has he raised his to get him to cease, and ruined voice in its behalf.

Is not a good, sober, and honest Democrat better than The Mt. Vernon Lime Company a bad Republican bent upon evil? Is not a sober, upright Republican are now digging a foundation for a better than a drunken, dishonest Democrat? You men who have faminew kiln and furnishing the stone lies and property, you young men who hope to have, lay aside blind for ballast to the milroad company. political prejudice and vote for the man who will best serve the county.

What will be your course if elected, was asked Mr. Williams the

"Should I be sucsessful in this contest, I will have no pets; I will at all times try to the best of my ability to decide controversies according to law and justice. I will know no man's politics, or religion, but will give the same law to the humblest colored man that I will to the richest white man in the country, If elected, the County Judge's office will be kept 'in decency and in order'. I will at all times endeavor to reduce the expenses of the county and thereby reduce taxation. My motto will be: 'Low taxes and an honest dispensation of justice without regard to men or party."

We ask the people to compare his record at the bar and in private life with that of his opponent. Where is the man in Rockcastle who would advise his son to follow the example of the present County Judge through life? Where is the father or mother? who would shed a tear over their son following in the foot prints of R. G. Williams? Voters of Rockcastle, look to the best interest of your home, your family and county, and then walk up like men and vote as an honest conscience dictates to you. Select one before whom all ean get justice. Vote for one who will ever be sober and honest on and off the bench. Vote for one who will strive to build up our county financially, morally and intellectually. Such a man is plain Dick Williams.

Columbus, O., Sept. 13.—The great miners' strike which was declared on July 4, was brought to an end Saturdny eveniug, so far, at least, as western Pennsylvania, Ohio, Indiana and West Viginia are concerned, by the action of the interstate convention of miners, which has been in session here since Wednesday.

After a day of voting and wrangling, the convention adopted a resolution accepting the proposition of the l'ittsburgh operators. The vote was 495 for and 317 against accepting the terms of settlement. Eleven votes were not east. The delegates from Illinois, who had 250 votes, were unanimously against a settlement. Indiana and West Virginia voted solidly to accept the operators' proposition, but there were scattering votes among the Ohio and Pittsburgh delegates against lt.

"Editors New Era, Greeusburg, Ind.
"DEAR SIRS: Your kind letter received and I um glad to have the opportunity to tell you about the siekness and recovery of Mabel. We don't want any newspaper notoriety, but in a case like this where a few words of what I have to say may menn recovery for some child, I feel it my duty to tell you of her case.

tell you of her case.
"Two years ago this winter Mabel began complaining of pains in her limbs, princi-pally in her lower limbs. She was going to school, and had to walk about three quarters of a nule each day, going through all kinds of weather. She was thirteen years old and doing so well in her studies that I disliked to take her from school, but we had

For several months she was confined to the house, and she grew pale and dwindled down to almost nothing. Her legs undarms were drawn up and her appearance was pitiful. Several doctors had attended her, but it seemed that none of them did her any good. They advised us to take her to the springs, but times were so hard we could Advices from Winnie, Tex., says that not afford it, although we finally managed to get her to the Mortinsville baths. Here she grew suddenly weaker, and it seemed that she could not stand it, but she became better, and it seemed that she was being

benefited, but she suddenly grew worse, and we had to bring her home.

"She lingueed along, and last winter became worse again, and was allieted with a pervous trouble almost like the St. Vitus" dance. For some time we thought she would die, and the physicians gave her up. When she was at her worst a neighbor came in with a box of Dr. Williams Pink Pills for Pule People and wanted us to try them as they were nevertised to be good for such cases, and her daughter had used them for

easen, and her dampner had used them for nervousness with such good results that she thought they might help Mabel.

"We tried them. The first box helped her some, and after she had taken three hoxes she was able to sit up in bed. When she had finished a balf dozen boxes she was able to be out and plant. She has taken able to be out and about. She has taken about nine hoxes altogether now, and she is as well as ever, and going to school every day, having started in again three weeks ago. Her cure was undoubtedly due to these pills."

MRS. KRINER'S LETTER

About Change of Life.

"I suffered for eight years and could find no permanent relief until one year ago. My trouble was Change of Life. I tried Lydia E. Pinkhnm's Vegetable Compound, and relief came almost immediately. I have taken two bottles of

than I ever had in my life. I feel like a new person, perfeetly strong. I give the Compound all the credit. I have recommended it to several of my friends who are using It with like results. It has cured me of several female diseases. I would not do without Mrs. l'inkham's remedies for anything. There is no need of so much female suffering. Her remedies are a sure cure."-Mits.
